Description

Ford Transit Custom Passenger (5 Seats) L1 H2 - Camper Conversion - Automatic
Offered for sale is a Ford Transit Custom Passenger L1 H2, first registered in 2019, powered by a 130 HP diesel engine and equipped with an automatic transmission. The vehicle has valid TÜV until 07/2026 and comes factory-equipped with a second battery and a parking heater, making it an excellent choice for travel, leisure, and everyday versatility.
This vehicle has been professionally converted into a compact camper and combines practical comfort with a flexible interior concept. It is equally suitable as a daily driver, family vehicle, or travel-ready camper van.
